

## I've harvested an animal and want a European mount, now what?

1. Remove the head of the animal at the head and neck junction. DO NOT LEAVE MORE THAN 5" OF NECK.

2. Removing the hide from the skull before bagging is appreciated, but not necessary.
3. Place your head in a garbage bag. It can be frozen or thawed. WE PREFER IT THAWED.
4. You can drop off your skull at any time in our convenient, 24/7, camera-monitored drop bin at N4390 State Road 59 Monroe, WI 53566, or you can call to make an appointment.

**\*FOLLOW THE INSTRUCTIONS AND SCAN QR CODE ON THE DROP BOX\***

OR

5. If you prefer a face-to-face appointment, give us a call at 608-558-6831 to schedule a time during our business hours.
